(16 Hour course for Assisted Living Facilities)

MÀJEN
CERTIFICATION TRAINING

MÁJEN, LLC
1005 Terminal Way, Suite 145
Reno, Nevada 89502
(775) 762-8039

Catalog effective 1/9/2018

About our school

Katie Grimm and Jennifer Powers saw a need for the training of caregivers in Nevada. As a result, MÁJEN was started in 2001 initially offering certification training for caregivers in Assisted Living Facilities. Course offerings included Medication Management Certification and First Aid & CPR. In 2005, a course in Medication Management for Supported Living Arrangements was added, followed by juvenile detention agencies and foster caregivers. In 2014 Nursing Assistant Training was added to the course offerings.

The Nursing Assistant course was approved by Nevada State Board of Nursing (NSBN) and Commission of Postsecondary Education (CPE) in September 2014. On September 1, 2015, MÁJEN was awarded a full term license from CPE.

Medication Management Training was initially approved by HCQC in February 2001 and added to the CPE license in September 2016.

Our Mission

To invest in each person's future success by providing a superior education with highly qualified instructors in a quality environment.

Refund/Cancellation Policy:

Cancellation

24 hours' notice prior to the start date for cancellation or re-scheduling registration is advised.

Refund

If a student cancels his or her enrollment before the start of the training program, the student shall be refunded all the money the student has paid, minus 10 percent of the tuition agreed upon in the enrollment agreement or \$150, whichever is less.

If a student withdraws or is expelled by the institution after the start of the training program and before the completion of more than 60 percent of the program, the institution shall refund to the student a pro rata amount of the tuition agreed upon in the enrollment agreement, minus 10 percent of the tuition agreed upon in the enrollment agreement or \$150, whichever is less.

If a student withdraws or is expelled by the institution after completion of more than 60 percent of the training program, the institution is not required to refund the student any money and may charge the student the entire cost of the tuition agreed upon in the enrollment agreement.

Refunds owed pursuant to subsection 1, the institution shall pay the refund to the person or entity who paid the tuition within 15 calendar days after the:

- (a) Date of cancellation by a student of his or her enrollment;
- (b) Date of termination by the institution of the enrollment of a student;

- (c) Last day of an authorized leave of absence if a student fails to return after the period of authorized absence;
- or
- (d) Last day of attendance of a student.

That if a student withdraws or is expelled by the institution after the start of the training program and before the completion of more than 60 percent of the program, the institution shall refund to the student a pro rata amount of the tuition agreed upon in the enrollment agreement, minus 10 percent of the tuition agreed upon in the enrollment agreement or \$150, whichever is less.

(d) That if a student withdraws or is expelled by the institution after completion of more than 60 percent of the training program, the institution is not required to refund the student any money and may charge the student the entire cost of the tuition agreed upon in the enrollment agreement.

2. If a refund is owed pursuant to subsection 1, the institution shall pay the refund to the person or entity who paid the tuition within 15 calendar days after the:

- (a) Date of cancellation by a student of his or her enrollment;
- (b) Date of termination by the institution of the enrollment of a student;
- (c) Last day of an authorized leave of absence if a student fails to return after the period of authorized absence;
- or
- (d) Last day of attendance of a student

Credit for Previous Training

Due to the short term of the program and the nature of the training offered by MÁJEN, prior credit will not be given.

Placement/Career Services

MÁJEN, LLC does not guarantee employment. A list of companies employing caregivers can be provided upon request. Companies wishing to post employment opportunities on our Facebook page will also be available.

Counseling

A counseling conference can be initiated by either the instructor or student and other individuals may be asked to attend.

Appeals Process

Appeals must be submitted in writing to the facility's administrator, and will be reviewed by the facility and/or administration. Responses will be in writing.

Drug Free Environment

It is the responsibility of the Facility and all of its employees to maintain and promote a safe, healthful and efficient working environment and to deliver services to the public in a safe and conscientious manner. The use, misuse or abuse of drugs and alcohol poses a serious threat to the Facility, its employees, patients and the public. The Facility has a strict policy regarding the inappropriate use and possession of drugs and alcohol. This policy recognizes that employee involvement with alcohol or drugs can be extremely disruptive and harmful to the workplace. It can adversely affect the quality of work and the performance of employees, pose serious safety and health risks to the user and others, and have a negative impact on work efficiency and productivity. Accordingly, students must report for work fit to perform their jobs. Possession, distribution, use, or sale of alcohol or any unlawful drug while on duty or on the Facility premises, or reporting to scheduled classes, labs, and clinical shifts under the influence of such substances is strictly prohibited. Misusing prescription medication and reporting to scheduled classes, labs, and clinical shifts under its influence is also forbidden. It is essential that all students comply fully with this policy. Students who violate this policy are subject to corrective or disciplinary action up to and including discharge from the program.

Electronic Devices

Personal Data Systems are not allowed during exams. All electronic devices including but not limited to cellular phones, pagers, and/or beepers are not acceptable in the classroom and must be turned off. They are disturbing to classmates.

In order to safeguard against medical device malfunctions due to electromagnetic interference, cell phone usage is prohibited in pre-designated areas of the Facility. Cell phone cameras, iPods, Blue Toths, etc. are not allowed to be utilized without appropriate consent(s). Discretion and courtesy must be taken when utilizing cell phones in the Facility.

Care and use of equipment and supplies

You are responsible for using good judgment and care when using equipment and supplies of the Facility. Follow instructions and, if you have any questions, ask a knowledgeable resource. If you discover poor or malfunctioning equipment, please report the situation to your manager or supervisor, remove it from service, tag it and store it in a secure place. Employees who damage or destroy Facility equipment or who lose Facility equipment may be subject to disciplinary actions up to and including termination.

Course offerings

❖ Nursing Assistant

Course dates:

| <u>Start Date</u> | <u>End Date</u> |
|-------------------|-------------------|
| January 21, 2018 | February 26, 2018 |
| April 8, 2018 | May 20, 2018 |
| July 8, 2018 | August 12, 2018 |
| October 7, 2018 | November 12, 2018 |

Each course is **six weeks**. Currently the classes are held on **Sunday and Monday from 6 am to 6 pm** for six weeks with the exception of the **clinical experience sessions which begin at 5:45 am**.

Enrollment requirements

Persons wanting to enroll in our Nursing Assistant Training Program must complete the enrollment agreement and interview with the school's director. This process ensures each prospective student can complete the program, and understands the admission requirements outlined below:

1. Evidence of a **High School diploma or High School Equivalency**
2. Documentation of **current immunization** status:
 - a. **Measles, Mumps, and Rubella** immunization
 - b. **Hepatitis B** series immunization or evidence of immunity
 - c. **Diphtheria/Tetanus** immunization with a **Pertussis booster** within the previous ten years
 - d. **Varicella**: Physician's documentation of history of chicken pox with a positive titer or immunization

3. TB screening per NRS 441B (two step)
4. A valid Healthcare Provider CPR card sponsored by the American Heart Association
5. Drug test performed in accordance with the information from www.mystudentcheck.com **(within 30 days of the start of class)**
6. Background check through www.mystudentcheck.com **(within 30 days of the start of class)**

Program Costs

Fee schedule and refund policy for students enrolled in MAJEN's CNA course. These costs are approximate and subject to change.

| | |
|---|---------------------|
| Tuition | \$2,100.00 |
| Textbook & workbook | included in tuition |
| HCP CPR and Blood Borne Pathogens handbooks | included in tuition |

Payment policy

A deposit of \$1,100.00 is due at the time of registration and the balance of \$1,000.00 is due on the first day of week two. Non-payment in full will withdraw the student from the program. If full payment is made and the student missed only two theory or clinical sessions, the student will be re-admitted and allowed to make up the missed time, if the schedule allows.

Additional costs to student not included in tuition:

Required uniform for clinical experience

| | |
|------------------------------|------------|
| Navy blue scrub top & bottom | \$ 30.00** |
| White shoes | \$ 45.00** |
| Stethoscope | \$ 50.00** |
| Blood pressure cuff | \$ 25.00** |

Costs for clinical education

| | |
|---|----------|
| Background check for clinical education | \$ 55.50 |
| Drug testing for clinical education | \$ 46.00 |
| TB testing for clinical education | \$ 89.00 |

Costs for licensing

| | |
|---|-----------|
| Finger printing/background check for licensing | \$ 65.00 |
| License application | \$ 50.00 |
| Clinical skills and written test (first time) licensing | \$ 150.00 |
| Clinical skills (retake) | \$ 97.50 |
| Written exam (retake) | \$ 52.50 |

** approximate cost/cost may vary

Theory and Clinical Hours

Total hours 144

Theory and clinical classes will meet for 24 hours per week for 6 weeks. Scheduled days and times will vary for each scheduled 6 week session. Schedules will be available prior to the beginning of each session.

- Each session will end within 10 weeks from the start date
- Registration will be accepted two weeks prior start day of each session
- Withdrawal from the program needs to be made in writing and a penalty may apply
- A minimum of 10 registered students is required for a scheduled class to begin. Less than 10 students may delay the start date or cancel the scheduled class. Registration will automatically move to the next scheduled class.

Conduct

Unsafe & Unsatisfactory Performance

Any student, who does not perform nursing intervention safely, in accordance with standard of practice and supervisors instructions, may at the digression of the instructor be excluded from the clinical area. Immediate dismissal from the course may occur at any time when a client's safety is jeopardized by a student's actions. In the event unsatisfactory academic or clinical performance occurs, including adherence to the policies outlined below, the student will receive:

First offence - Verbal warning

Second offence - Written warning

Third offence - Dismissal. Refund policy applies.

Sever infractions that would prevent the student from completing their clinical education may demand immediate dismissal. See below 'Clinical Performance and Counseling' Standards, for the list of offences.

Re-Admission – *A student may apply for re-admission if the student:*

1. Left the program in good standing, the student may register for the next available course, all previous hours are forfeited, and all fees and tuition apply
2. Dismissed from the program, the student may write a letter of appeal to the Program Administrator. Re-admission is at the digression of the Program Administrator

Clinical Performance and Counseling

Standards

Students are expected to maintain high moral and ethical standards during class and clinical rotations. MAJEN, LLC maintains the right to immediately dismiss any student for the following infractions:

1. Falsification of any records including patient and student records
2. Carelessness or violations of Facility rules and procedures which could jeopardize the safety of self or others or and/or which could result in bodily injury or damage to Facility property
3. Failure to apply clinical principles learned in class and laboratory sessions
4. Disorderly conduct including fighting, horseplay, threatening, or abusing any individual, patient, visitor, or member of the public. Immoral or indecent conduct
5. Refusal to follow the instruction of the clinical instructor, clinical preceptor, or unit leadership

Nursing Assistant continued

6. Distribution, use, possession, purchase or sale of or being under the influence of alcohol, narcotics, intoxicants, drugs or hallucinatory agents during class or clinical rotations
7. Use of alcohol or drugs while in a student uniform
8. Threats of violence, acts of violence, terrorist threats or acts of terrorism against the Facility, patients, employees or the general public
9. Sleeping during clinical rotations

10. Stealing from the Facility, fellow students, patients or members of the public, regardless of the amount.
Soliciting tips, gifts or other gratuities or favors from patients or their families
11. Possession of weapons or explosives on Facility premises
12. Disclosure (whether negligent or intentional) of confidential information pertaining to patients including, but not limited to the violation of the Patient's Right and Confidentiality Policies and the Health Information Portability and Accountability Act (HIPAA)
13. Repeat tardiness or unexcused absences
14. Cheating or plagiarism

Completion of the program requires that each student passes all exams including the final exam with a minimum of 80%, adequately performs all clinical skills as determined by instructor's discretion. Any student who falls below the minimum standards will be placed on probation and remedial training and work will be available to improve their grade and performance. If a student is not able to complete the remedial training, and meet the testing passing rate of 80% will be dismissed from the program. Readmission may be offered at the discretion of the Director, Academic Director, and instructors. Additional fees apply.

Clinical Dress Code

- Solid navy blue scrub top and pants. Must be cleaned, pressed and in good condition, and not excessively tight or revealing
- No canvas or open-toe, or high heeled shoes. Open-back shoes are permitted, but must be worn with the strap in position to hold the shoe on. Sport/tennis shoes are acceptable, but must be white with a minimum of decoration
- Hose/socks must be worn at all times in clinical areas
- Any shirt worn under the uniform top must be navy blue only, without decoration
- Saint Mary's issued badges are to be worn at all times on the upper torso (**above the waist**) during lab and clinical sessions so that it may easily be read by patients, visitors, co-workers, and physicians. The picture and name are not to be obscured. Badges are property of Saint Mary's and must be returned at the end of the last day of clinical sessions. Lost badges must be reported to the instructor and the facility administrator **immediately**, and will be replaced at the cost of the student. The student's Certificate of Achievement **will be held** if the badge is not returned at the end of the course
- No facial piercings, tongue rings, or nose ornamentation may be worn during lab or clinical settings
- Ears are to be the only visible site of piercing (standard gauge size)
- Tattoo(s) or/and body piercing(s), that are exposed are not considered appropriate during lab and clinical sessions and must be covered
- Please be aware and conscientious of your personal hygiene, neatness of attire and cleanliness of apparel. Strong odors or excessive use of perfume or cologne are inappropriate.
- Hair is to be clean, neat and safely secured so as not to compromise the patient's medical condition
- Jewelry is to be conservative in style and limited to a wedding ring and watch, preferably with a second hand and elastic band
- No nail extensions, false/fake nails, or nail are allowed. Finger nails should be short and clean
- Hair should be off the collar and contained off the face.
- No hats
- In order to safeguard against medical device malfunctions due to electromagnetic interference, and to safeguard patient confidentiality, cell phone usage is prohibited during lab and clinical sessions.
- No chewing gum
- No food is allowed in lab/clinical sessions. A non-reusable water bottle with a lid, no more than 20oz, is allowed

Attendance

Absence: The student **arrives 15 minutes after** the beginning of a scheduled theory, lab, or clinical or leaves 15 minutes before the scheduled end of class will be considered as an **absence**, and the student will be asked to leave.

Tardiness: The student arrives less than 15 minutes after the beginning of theory, lab, or clinical or leaves 15 minutes before the scheduled end of theory, lab, or clinical. **Two tardies will equal one absence.**

Attendance is necessary to all theory, lab, and clinical instructions. Absence due to a personal or family illness or some other **emergent** event from either theory or clinical is limited to **no more than two days**. **Only one of the two absences is allowed during clinical.** During theory and lab, students are required to be in the classroom and in their seats before the beginning of instruction, and during clinical hours, students are expected to be on the floor and prepared to begin the fifteen minutes before the shift begins. Tardiness will not be allowed during clinical. Any student who is tardy may be asked to leave that day's session. The makeup session is scheduled at the beginning of each course session.

Please note: In the event of illness or emergency, the student must do the following:

1. Notify the instructor scheduled for the day's session. Do **NOT** leave a voice mail, email, or text message. You must talk directly to the instructor
2. Follow up with the instructor regarding his/her absence and schedule the makeup

Documentation of illness or emergent event will be requested by the faculty. Make up time for missed theory, lab and/or clinical, as the schedule allows, will be required and is at the discretion of the instructor and facility administrator. More than two absences, for any reason, will withdraw the student from the program. Refund policy applies.

Nursing Assistant continued

Clinical Rotations

All clinical rotation are conducted throughout the program and held at Saint Mary's Regional Medical Center.

Coordination: Students are placed in clinical settings to practice skills learned in the classroom and lab and provide the best patient care possible. Students will work with a preceptor but may complete tasks independently as appropriate. In order to ensure patients receive high quality and safe care, students must ensure collaborative relationships with hospital staff and instructors.

THE STUDENT WILL:

1. Arrive at the designated clinical assignment 15 minutes before the shift is scheduled to begin
2. Notify the clinical instructor at least two hours in advance of an absence
3. Understand and follow hospital policies
4. Understand scope of practice and skill level. Only provide care in which you are qualified and competent
5. Not pass a patient call light
6. Actively seek help when uncertain of ability to perform tasks
7. Be a team member by offering assistance whenever possible
8. Seek out learning opportunities and discuss with preceptor and instructor
9. Report errors and omissions immediately and take necessary action
10. Report any illness or injury to instructor or unit supervisor immediately

Methods Instruction and Grading

- Lecture with media aids
- Lab demonstration and practice
- Clinical experience

Unit Tests

A passing grade is 80% for unit tests. Students will have the opportunity to re-take and pass the exam. Make-up exams and re-taking exams must be scheduled no more than one week from the original test date.

Clinical Evaluation

All clinical evaluations must be passed by an 80% prior to the final exam. Skills will be performed in lab by each student three times before they will be allowed to perform the skill in the clinical setting.

Final Exam

The passing score is 80% and students will have two additional opportunities to pass the final exam

Placement Services

MÁJEN, LLC does not guarantee employment.

| Total | 144 |

**Hours are for a full class of 15 students

Number on classroom/lab hours prior to resident contact 16 hours

Length of program in weeks 6 weeks

Number of classes to be conducted in 12 months:
MAJEN will schedule a minimum of 4 courses in a 12 month period.

Number of students who may enroll per program offering:
There is a maximum of 15 students per 1 instructor in a lab setting, and a minimum of 10 registered students for each session. There is a maximum of 15 students per 1 instructor in a clinical setting, and 30 students per session.

❖ Medication Management

Course dates:

| <u>Start Date</u> | <u>End Date</u> |
|-------------------|-------------------|
| January 25, 2018 | January 26, 2018 |
| February 22, 2018 | February 23, 2018 |
| March 15, 2018 | March 16, 2018 |
| April 12, 2018 | April 13, 2018 |
| May 17, 2018 | May 18, 2018 |
| June 14, 2018 | June 15, 2018 |
| July 19, 2018 | July 20, 2018 |

This course is 16 hours completed over two days.

Enrollment requirements

Students must be at least 18 years of age and working or intend to work as a caregiver for a residential facility.

Program Costs

Program fees are \$220.00, due at time of registration. Program fees include:

- 16 hour course
- Student handbook
- Certificate of completion (one copy)

Repayment of student loans and/or borrowed money is the sole responsibility of the student and not MAJEN, LLC. Credit for previous training is not available for this course.

Conduct

Unsafe & Unsatisfactory Performance

Unsatisfactory conduct includes, disrupting other students with excessive talking, loud talking, cell phone use during the didactic instruction, and cheating on the exam. Cheating is looking on another student's answer sheet, asking/talking to another student during the exam, using student handbook or notes, and/or using a cell phone or other electronic device to look up answers or take pictures of the test or answer sheet.

Disruptive students will be asked to stop the behavior. Failure to do so will require their removal from the course and the student will forfeit their fees. Anyone caught cheating will be removed from the facility, forfeit all fees, and not allowed to re-test without attending the full course again at student's expense.

Dress Code

Casual or business casual

Attendance

Registered students should arrive 10-20 prior to the start time to sign in. Any student who arrives more than 30 minutes after the scheduled start time, returns from break time more than 15 minutes after the scheduled return will have to reschedule for the next class. If a student is unable to attend the second day of the course, they will be rescheduled for day 2 of the next course.

Methods Instruction and Grading

- Lecture with media aids
- Lab demonstration and practice
- Examination approved by Health Care Quality and Compliance

Exam

A passing score is 80% and students will have two additional opportunities to pass the exam.
